SECTION 1. INTRODUCTION

Welcome to Cox Health Systems Insurance Company! We are pleased to provide Health Insurance coverage for you and your family. As a Member of Cox Health Systems Insurance Company, you will have access to one of the largest comprehensive healthcare systems in Southwest Missouri.

This book is referred to as the Individual Health Plan Policy (Policy). The Policy is regulated by the State of Missouri and is the legal document between Cox HealthPlans ("CHP", "the Plan", "we", "us", "our") and the Policyholder to provide Benefits to Covered Persons ("you", "your"), subject to the terms, conditions, exclusions and limitations of the Policy. This Policy is issued on the basis that the answers to all questions and the information shown within the Individual Application for Health Insurance and any addendums signed by the Applicant are correct and complete; and payment of the required monthly Premiums is current.

Please read this Policy carefully, and refer to it when you require medical services. The Policy explains many of the rights and responsibilities between you and Cox Health Systems Insurance Company. It also describes how to get medical care, what health services are covered and not covered, and what portion of the health care costs you will be required to pay. Reading just one or two sections may not give you the full, accurate description of your coverage. You are responsible for knowing the terms and conditions of your Plan. This Policy overrides and replaces any Policy previously issued to you. The coverage described within this Policy represents the specific Benefit plan selected by you. This document and any other endorsements, Amendments or Riders attached form the entire Contract under which Covered Services are available under your health care Plan. Many words used throughout this Policy have special meanings. If the word or phrase was not explained in the text where it appears, it may be defined in the "Definitions" section. To assist you in identifying the defined terms, these words or phrases are capitalized as they appear throughout the document; for example the term "Member" is capitalized throughout this document as a word defined in the "Definitions" section. Please refer to these definitions to better understand your Plan.

If you have any questions about your coverage, please call the Member Services telephone number printed on your Identification (ID) Card, or access information by visiting www.coxhealthplans.com. Non-English-speaking Members can contact the same Member Services telephone number printed on the back of the ID Card to connect to a language line services interpreter. Our Member Service representatives are trained to make the connection to provide clear access to Benefits information.

Should this Policy be purchased outside the Exchange, then any and all references to Exchange or Marketplace are not applicable.

SECTION 3. HOW TO OBTAIN SERVICES

THIS IS A NETWORK – ONLY PLAN

Services that are not obtained from an In-Network Provider or that are not Authorized Services will be considered an Out-of-Network Service. This Plan does not provide benefits for any services you receive from an Out-of-Network Provider except:

- Emergency Care, Urgent Care, Emergency ambulance services
- Two sessions per year for the purpose of diagnosis or assessment of mental health
- Care that we approve as an Authorized Service.

In-Network Providers include Physicians, Hospitals, and other health care facilities. Check the provider directory available at www.coxhealthplans.com, or call the number on your ID Card to determine if a Provider is In-Network.

No benefits are payable unless the Covered Person receives services from an In-Network Provider, except in the case of initial treatment and stabilization of a Medical Emergency, as indicated below under “Special Circumstances”.

Benefits are provided only for those services that are Medically Necessary as defined within this Plan and for which the Covered Person has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this Plan document or contact us if you have any questions regarding whether services are covered.

PROVIDER NETWORK

In-Network Providers are the key to providing and coordinating your health care services. The Plan has entered into contracts with a Network of Providers to provide medical services at a reduced cost. Covered Expenses for In-Network Providers are based on our Negotiated Rate. In-Network Providers have agreed not to charge more than our Negotiated Rates for Covered Services. In-Network Providers may charge the Covered Person for services that are not Covered Services by the Plan.

Services obtained from an Out-of-Network Provider are not Covered Services, except for Emergency Services, (including those provided by an Urgent Care facility), ambulance services, and mental health including two sessions per year for the purpose of diagnosis or assessment of mental health; or as an Authorized Service. Contact us to verify if Preauthorization is required.

In-Network Providers include other professional Providers, Hospitals, and other facility Providers who contract with us to perform services for you. Providers include general practitioners, internists, family practitioners, pediatricians, obstetricians & gynecologists, geriatricians or other In-Network Providers as allowed by the Plan.

- You will not be required to file any Claims for services you obtain directly from Network Providers. Network Providers will seek compensation for Covered Services rendered from us and not from you except for approved Deductibles, Co-insurance and/or Co-payments. You may be billed by your Network Provider(s) for any Non-Covered Services you receive or when you have not acted in accordance with this Policy.
- Services provided by Out-of-Network Ancillary (non-facility) providers may be considered Out-of-Network even if provided at an In-Network facility.
- Be sure to check with the Provider prior to an appointment to verify that the Provider is currently contracted with Cox HealthPlans.

HOW TO FIND A PROVIDER IN THE NETWORK

There are three ways you can find out if a Provider or Facility is in the Network for this Plan. You can also find out where they are located.

- You may refer to your Plan's directory of In-Network Providers at www.coxhealthplans.com which lists the doctors, Providers, and Facilities that participate in this Plan's Network.

- Call our Member Services Department to ask for a list of doctors and Providers that participate in this Plan's In-Network, based on specialty and geographic area.
- Check with your doctor or Provider.

SPECIAL CIRCUMSTANCES

Covered Expenses for the services of an Out-of-Network Provider will be paid according to the In-Network Provider benefit schedule in certain circumstances as provided below:

- Hospital Emergency Services: Emergency Services for an Emergency Medical Condition will be paid at the In-Network Provider benefit schedule. Once the patient is stabilized and his/her condition permits transfer to an In-Network Hospital, services of an Out-of-Network Hospital will no longer be covered.
- Physician or other Provider Emergency Services: Covered Expenses will be paid at the In-Network Provider benefit schedule for the initial care of an Emergency Medical Condition.

NETWORK EXCEPTION

If Medically Necessary Covered Services are not available through In-Network Physicians or In-Network Providers, we will, upon the request of an In-Network Provider:

- Allow Referral to an Out-of-Network (Non-Participating) Provider; and
- Fully reimburse the Out-of-Network (Non-Participating) Provider at the Usual and Customary rate or at an agreed rate.

Prior to denying a request for referral to an Out-of-Network (Non-Participating) Provider, CHP must provide for a review conducted by a specialist of the same or similar type of specialty as the Physician or Provider to whom the referral is requested.

CONTINUITY OF CARE

There may be instances in which your PCP or In-Network specialist ceases to be an In-Network Physician. In such cases, you may select a new PCP or In-Network specialist to continue receiving Covered Services. However, in special circumstances you may be able to continue seeing your PCP or In-Network specialist, even though he or she is no longer affiliated with CHP.

Continuity of Care allows you to receive services at In-Network coverage levels if your PCP is leaving the Network and you are receiving "Active treatment" for a condition which includes:

- An ongoing course of treatment for a life-threatening condition.
- An ongoing course of treatment for a serious acute condition, (examples include chemotherapy, radiation therapy and post-operative visits).
- The second or third trimester of pregnancy and through the postpartum period.
- An ongoing course of treatment for a health condition for which the physician or health care Provider attests that discontinuing care by the current physician or Provider would worsen your condition or interfere with anticipated outcomes.

In these cases, you may be able to continue seeing that Provider until treatment is complete, or for 90 days, whichever is shorter. If you wish to continue seeing the same Provider, you or your doctor should contact Member Services for details. Such continuity of care must be approved in advance by CHP; and your doctor must agree to accept our reimbursement rate, and to abide by CHP's policies and procedures and quality assurance requirements. Any decision by us regarding a request for Continuity of Care is subject to the Grievance Process. There may be additional circumstances where continued care by a Provider who ceases to be a Network Provider will not be available, such as when the Provider loses his/her license to practice or retires.

RELATIONSHIP OF PARTIES (PLAN – IN-NETWORK PROVIDERS)

The relationship between the Plan and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of the Plan, nor is the Plan, or any employee of the Plan, an employee or agent of In-Network Providers.

The Plan shall not be responsible for any Claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by a Member while receiving care from any Network Provider or in any Network Provider's facilities. To be an informed consumer it is important for you to know what services are covered under this Policy. At times, a Network Provider may recommend that you obtain services that are not covered under this Policy. If you agree with the Network Provider to continue the services, you will be held liable for the actual charges of all such Non-Covered Services.

NOT LIABLE FOR PROVIDER ACTS OR OMISSIONS

The Plan is not responsible for the actual care you receive from any person. This Policy does not give anyone any claim, right, or cause of action against the Plan based on the actions of a Provider of health care, services or supplies. We and our Providers are independent entities contracting with each other for the sole purpose of carrying out the provisions of this Policy. We will not be liable for any act or omission of any Provider or any agent or employee of a Provider. Network Physicians maintain the Physician-patient relationship with Members and are solely responsible to Members for medical services they provide.

IDENTIFICATION CARD

When you receive care, you must show your Identification (ID) Card. Only a Member who has paid the Premiums under this Policy has the right to services or Benefits under this Policy. If anyone receives services or Benefits to which he/she is not entitled to under the terms of this Policy, he/she is responsible for the actual cost of the services or Benefits.

SECTION 4. HEALTH CARE MANAGEMENT

Health Care Management is included in your health care Benefits to encourage you to seek quality medical care on the most cost-effective and appropriate basis. Health Care Management is a process designed to promote the delivery of cost-effective medical care to Members by reviewing the use of appropriate procedures, setting (place of service), and resources through Case Management and through Preauthorization review requirements.

Other types of reviews may be conducted prospectively (Prospective Review), concurrently (Concurrent Review), or retrospectively (Retrospective Review).

If you have any questions regarding Health Care Management or to determine which services require Preauthorization, call the telephone number on your ID Card, or send to Fax numbers: (417) 269-2919 / (888) 200-5230, or refer to our website: www.coxhealthplans.com.

Members are entitled to receive upon request and free of charge; reasonable access to and copies of documents, records, and other information used to determine the outcome of the Member's Preauthorization request.

Your right to Benefits for Covered Services provided under this Policy is subject to certain policies, guidelines and limitations, including, but not limited to our clinical coverage guidelines, medical policy, and Health Care Management features listed in this section.

A description of each Health Care Management feature, its purpose, requirements and effects on Benefits is provided in this section.

PRIMARY CARE PHYSICIAN (PCP)

This EPO plan does not require the designation of a PCP; however we encourage you to select a PCP to assist in coordinating your care. You may choose a PCP from the Network of Participating (In-Network) Providers. To locate the most current directory of In-Network Providers, please visit our website at www.coxhealthplans.com.

SPECIALISTS

Your PCP is important to the coordination of your care. While this Plan does not require referrals to visit specialists, it is very important that you work with your PCP to help manage your care and keep your PCP informed of all your health care needs. Please be aware that obtaining a referral is not itself a guarantee of payment for services.

CLINICAL COVERAGE GUIDELINES

Our clinical coverage guidelines such as medical policy, preventive care clinical coverage guidelines, Preauthorization review guidelines, concurrent review guidelines, and retrospective review guidelines reflect the standards of practice and medical interventions identified as reflecting appropriate medical practice. The purpose of clinical coverage guidelines is to assist in the interpretation of Medical Necessity. However, the Policy takes precedence over the clinical coverage guidelines. Medical technology and standards of care are constantly changing and we reserve the right to review and update the clinical coverage guidelines periodically, including but not limited to Experimental and Investigational determinations.

PREAUTHORIZATION

Preauthorization is a Health Care Management feature that requires a Plan Approval be obtained from us before incurring expenses for certain Covered Services. Our procedures and timeframes for making decisions for Preauthorization requests differ depending on when the request is received and the type of service that is the subject of the Preauthorization request, and the completeness of records submitted by the requesting party.

Your Primary Care Physician and other In-Network Providers have been provided detailed information on services which require Preauthorization.

Important note: Even if a Hospital is an In-Network Provider for other services, it may not be an In-Network Provider for CAR-T (chimeric antigen receptor therapy), new breakthrough/novel therapies, drugs or procedures. Please be sure to contact us to determine which Hospital is a designated Network Provider.

- If a criterion is met and you are approved for service by the Plan's medical management team, CAR-T, other breakthrough therapy or drug service must be performed by the Plan's designated Provider. The designated Provider will include Hospital, clinic, and staff that are authorized through special certification as required by the FDA (U.S. Food & Drug Administration). The designated provider has participated in the initial clinical trials of the therapy. They are authorized to provide the services and include elements to assure safe use (ETASU).
- Any requests for CAR-T, new breakthrough/novel therapies, drugs or procedures from a Provider other than the designated In-Network Provider may be declined.

PREAUTHORIZATION PROCEDURES

Preauthorization is required for certain Covered Services as determined by the Plan. Coverage is subject to eligibility and Benefits remaining at the time services are rendered. The Plan has the right to request and obtain whatever medical information it considers necessary to determine whether the service is a Covered Benefit. Your ID Card displays the telephone number to call to seek Preauthorization.

Any new, additional, or extended services not covered under the original authorization will be covered only if a new authorization is obtained. All services identified in this document are subject to all of the terms, conditions, exclusions, and limitations of the Plan.

An up to date Preauthorization List is available by contacting the Plan at the telephone number listed on your ID card or by visiting the Plan's website. If there is any question concerning the procedures that require Preauthorization, contact Member Services at the phone number listed on your ID Card.

WHO IS RESPONSIBLE FOR PREAUTHORIZATION

Typically, In-Network Providers know which services require Preauthorization and will get any Preauthorization when needed or ask for a Predetermination, even though it is not required. Your Primary Care Physician and other In-Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending doctor ("requesting Provider") will get in touch with us to ask for a Preauthorization or Predetermination review. However, you may request a Preauthorization or Predetermination, or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 Years of age or older. The table below outlines who is responsible for Preauthorization and under what circumstances.

Network Status	Responsible Party	Guidelines
In-Network (Participating)	The Provider	The Provider must get Preauthorization when required.
Out-of-Network (Non-Participating)	Member	<p>Member has no benefit coverage for an Out-of-Network Provider unless:</p> <ul style="list-style-type: none"> ▪ The Member gets approval to use an Out-of-Network Provider before the service is given; or ▪ The Member requires an Emergency Care admission (see note below). <p>Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found not to be Medically Necessary.</p>

Note: Preauthorization is not required to receive Emergency Care. For Emergency Care admissions, you, your authorized representative, or doctor must tell us within 48 hours of the admission or as soon as possible.

CASE MANAGEMENT (INCLUDES DISCHARGE PLANNING)

Case Management is a health care management feature designed to promote the most appropriate and cost effective care setting. This feature allows us to customize your Benefits by approving otherwise Non-Covered Services or arranging an earlier discharge from an Inpatient setting for a patient whose care could be safely rendered in an alternate care setting.

5. For concurrent review determinations, the Plan will make the determination within one working day of obtaining all necessary information.

7. In the case of Adverse Determination, the Plan will notify by telephone or electronically the Provider rendering the service within 24 hours of making the Adverse Determination, and provide written or electronic notification to the Member and the Provider within one working day of the telephone notification. The service shall be continued without liability to the Member until the Member has been notified of the determination.
8. For retrospective review determinations, the Plan will make the determination within 30 working days of receiving all necessary information. The Plan will provide notice in writing of our determination to a Member within 10 working days of making the determination.
9. A written notification of an Adverse Determination shall include the principal reason or reasons for the determination, the instructions for initiating a Grievance or reconsideration of the determination, and the instructions for requesting a written statement of the clinical rationale, including the clinical review criteria used to make the determination. The Plan will provide the clinical rationale in writing for an Adverse Determination, including the clinical review criteria used to make that determination to any party who received notice of the Adverse Determination and who requests such information.
10. The Plan has written procedures to address the failure or inability of a Provider or a Member to provide all necessary information for review. In cases where the Provider or Member will not release necessary information, the Plan may deny certification of an admission, procedure, or service.
11. In a case involving an initial determination or a concurrent review determination, the Plan will give the Provider rendering the service an opportunity to request on behalf of the Member, a reconsideration of an Adverse Determination by the reviewer making the Adverse Determination.

12. The reconsideration shall occur within one working day of the receipt of the request and shall be conducted between the Provider rendering the service and the reviewer who made the Adverse Determination or a clinical peer designated by the reviewer, if the reviewer who made the Adverse Determination is not available within one working day.
13. If the reconsideration process does not resolve the difference of opinion, the Member or the Provider on behalf of the Member, may Grieve the Adverse Determination. Reconsideration is not a prerequisite to filing a Grievance or an expedited Grievance of an Adverse Determination.

Air ambulance may also be covered if you are in an area that a ground or water ambulance cannot reach.
- Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility), or if you are taken to a Physician's office or your home.

PHARMACY BENEFITS MANAGER

The pharmacy Benefits available to you under this Policy are managed by our Pharmacy Benefits Manager (PBM). The PBM is a Pharmacy Benefits Management company with which we contract to manage your pharmacy Benefits. The PBM has a nationwide Network of retail pharmacies, a Mail Service Pharmacy, and provides clinical management services.

The management and other services the PBM provides include among others; making recommendations to and updating the covered Prescription Drug list (also known as a Formulary), and managing a Network of retail pharmacies, operating a Mail Service Pharmacy and a Specialty Drug Pharmacy Network. The PBM, in consultation with us, also provides services to promote and enforce the appropriate use of pharmacy Benefits such as review for possible excessive use; recognized and recommended dosage regimens; Drug interactions or Drug/pregnancy concerns.

You may request a copy of the covered Prescription Drug list by calling the PBM at the telephone number on the back of your ID Card. The covered Prescription Drug list is subject to periodic review and Amendment. Inclusion of a Drug or related item on the covered Prescription Drug list is not a guarantee of coverage.

Prescription Drugs, unless otherwise stated below, must be Medically Necessary and not Experimental/ Investigative in order to be Covered Services. For certain Prescription Drugs, the prescribing Physician may be asked to provide additional information before the PBM and/or the Plan can determine Medical Necessity. The Plan may establish quantity and/or age limits for specific Prescription Drugs. Covered Services will be limited based on Medical Necessity, quantity and/or age limits established by the Plan, or utilization guidelines.

The PBM shall not require a Covered Person to make a payment for a Prescription drug at the point of sale in an amount that exceeds the lesser of:

- The Co-payment/ Co-insurance amount as required under the health benefit plan; or
- The amount an individual would pay for a Prescription if that individual paid with cash.

A pharmacy or pharmacist shall have the right to provide to a Covered Person, information regarding the amount of the Covered Person's cost share for a Prescription drug, the Covered Person's cost of an alternative drug, and the Covered Person's cost of the drug without adjudicating the claim through the PBM. Neither a pharmacy nor a pharmacist shall be proscribed by a PBM from discussing any such information or from selling a more affordable alternative to the Covered Person.

No PBM shall, directly or indirectly, charge or hold a pharmacist or pharmacy responsible for any fee amount related to a claim that is not known at the time of the claim's adjudication, unless the amount is a result of improperly paid claims or charges for administering a health benefit plan.

PREAUTHORIZATION

Preauthorization may be required for certain Prescription Drugs (or the prescribed quantity of a particular Drug). Preauthorization helps promote appropriate utilization and enforcement of guidelines for Prescription Drug Benefit coverage. At the time you fill a Prescription, the Network pharmacist is informed of the Preauthorization requirement through the Pharmacy's computer system and the pharmacist is instructed to contact us or the PBM. We, or the PBM, use pre-approved criteria and communicate the results of the decision to the pharmacist. We, or the PBM, may contact your prescribing Physician if additional information is required to determine whether Preauthorization should be granted.

If Preauthorization is denied, you have the right to file a Grievance through the Grievance process outlined in the "Grievances" Section of this Policy.

For a list of the current Drugs requiring Preauthorization, please contact the PBM at the telephone number on the back of your ID Card. The covered Prescription Drug list is subject to periodic review and Amendment. Inclusion of a Drug or related item on the covered Prescription Drug list is not a guarantee of coverage under your Policy. Please refer to the Plan's Formulary for Benefits and restrictions.

Exclusions apply to Experimental or Investigational drugs or supplies as determined by the Plan.

If a covered drug is prescribed in a single dosage amount but not manufactured in such single dosage amount and dispensing requires a combination of different manufactured dosage amounts, only one Co-insurance/ Co-payment shall apply for the dispensing of the combination of manufactured dosages that equal the prescribed dosage, not to exceed a one month supply. Please contact the Member Services Department at the number indicated on your ID Card for Preauthorization before purchase; or if unable at the time, to request reimbursement after purchase.

Each Prescription Order may be subject to a Deductible and Co-insurance/ Co-payment. If the Prescription Order includes more than one covered Drug, a separate Co-insurance/ Co-payment will apply to each covered Drug.

If a Provider, Pharmacy, or any third party payer waives, discounts, reduces, or indirectly pays the required cost sharing for a particular claim; the waived portion, discounted portion, reduced portion, or indirectly paid portion of the cost share will not apply to or reduce any Deductible applicable to the Plan.

Your Prescription Drug Deductible/ Co-insurance/ Co-payments will be the lesser of your scheduled Deductible/ Co-insurance/ Co-payments amount or the Maximum Allowable Amount. Please see the Schedule of Benefits for any applicable Deductible/ Co-insurance/ Co-payments.

Exceptions may apply, please refer to your Formulary.
- If a Generic drug is not available, other drugs will be classified as either preferred brand drugs or Non-Preferred brand drugs. Preferred brand drugs will be determined by the Plan and updated periodically. Preferred brand drugs will have a lower Deductible/ Co-insurance/ Co-payments than Non-Preferred brand drugs. Your Physician has the flexibility of ordering covered drugs in accordance with his medical judgment; however, the amount of Deductible/ Co-insurance/ Co-payments will depend upon the placement of the drugs on the Formulary.
- We may offer incentives to encourage the use of Generic Drugs. This may involve waiving a Deductible/ Co-insurance/ Co-payment for certain Generic Drugs for a period of time, or other incentives.
 - After any applicable Prescription Deductible has been met a Co-payment may be assessed for each 30 day supply. Some drugs based upon Plan’s determination, manufacturer’s recommendation, and/or advice of the Plan’s Pharmacy & Therapeutics Committee may have a maximum limit less than a 30 day supply per Co-payment.

If you are going on vacation and you need more than the days’ supply allowed under this Policy, you should ask your Pharmacist to call the PBM and request an override for any additional refills. This will allow you to fill your next Prescription early.

TIERS

Your Deductible/ Co-insurance/ Co-payments amount may vary based on whether the Prescription Drug, including a covered Specialty Drug, has been classified by us as a first, second, third, or fourth “Tier” Drug. The determination of Tiers is made by us based upon clinical information, and where appropriate the cost of the Drug relative to other Drugs in its therapeutic class or used to treat the same or similar condition; the availability of over-the-counter alternatives; and where appropriate certain clinical economic factors.

- Tier 1 generally includes Generic Prescription Drugs and approved over-the-counter medications with a Prescription.

- Tier 2 generally includes Brand Name Medication or Generic Drugs that based upon their clinical information, and where appropriate, cost considerations are preferred relative to other Drugs.
- Tier 3 generally includes Brand Name Medication or Generic Drugs that based upon their clinical information, and where appropriate, cost considerations are not preferred relative to other Drugs in lower Tiers.
- Tier 4 generally includes specialty medications except insulin on most Plans. The list of specialty drugs can be found at the PBM's website or by calling the number listed on the back of your ID Card. Please refer to the Specialty Pharmacy Network Section for specific details on Specialty drugs. Specialty drugs are those that may have the following characteristics: expensive, limited access, complicated treatment regimens, compliance issues, special storage requirements and/or manufacturer reporting requirements.

If a Provider, Pharmacy, or any third party payer waives, discounts, reduces, or indirectly pays the required cost sharing for a particular claim; the waived portion, discounted portion, reduced portion, or indirectly paid portion of the cost share will not apply to or reduce any Deductible applicable to the Plan.

PAYMENT OF BENEFITS

The amount of Benefits paid is based upon whether you receive the Covered Services from an In-Network Pharmacy, Specialty Pharmacy, or our Mail Service Program. It is also based upon which Tier we have classified the Prescription Drug or Specialty Drug. Please see the Schedule of Benefits for the applicable amounts, and the Formulary for applicable limitations on number of days' supply.

We retain the right at our discretion to determine coverage for dosage formulations in terms of covered dosage administration methods (for example by mouth, injections, topical or inhaled) and may cover one form of administration and exclude or place other forms of administration on other Tiers.

The amounts for which you are responsible are shown in the Schedule of Benefits. No payment will be made by us for any Covered Service unless the negotiated rate exceeds any applicable Deductible/ Co-insurance/ Co-payments for which you are responsible.

If a Provider, Pharmacy, or any third party payer waives, discounts, reduces, or indirectly pays the required cost sharing for a particular claim; the waived portion, discounted portion, reduced portion, or indirectly paid portion of the cost share will not apply to or reduce any Deductible applicable to the Plan.

STANDARD EXCEPTION REQUEST

An enrollee, the enrollee's designee, or the enrollee's prescribing Physician (or other prescriber) may request a standard review of a decision that a drug is not covered by the Plan.

CHP will make a determination on a standard exception and notify the enrollee or the enrollee's designee and the prescribing Physician (or other prescriber, as appropriate) of the coverage determination no later than 72 hours following receipt of the request.

For any standard exception request that is granted, the Plan will provide coverage of the non-Formulary drug for the duration of the Prescription, including refills.

EXPEDITED EXCEPTION REQUEST

An enrollee, the enrollee's designee, or the enrollee's prescribing Physician (or other prescriber) may request an expedited review based on exigent circumstances.

Exigent circumstances exist when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee's life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a non-Formulary drug.

CHP will make a coverage determination on an expedited review request based on exigent circumstances and notify the enrollee or the enrollee's designee and the prescribing Physician (or other prescriber, as appropriate) of the coverage determination no later than 24 hours following receipt of the request.

For any exception based on exigent circumstances that is granted, the Plan will provide coverage of the non-Formulary drug for the duration of the exigency.

EXTERNAL EXCEPTION REQUEST REVIEW

If a request for a standard exception or for an expedited exception as outlined above is denied; the enrollee, the enrollee's designee, or the enrollee's prescribing Physician (or other prescriber) may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization.

The Plan will make a determination on the external exception request and notify the enrollee or the enrollee's designee and the prescribing Physician (or other prescriber, as appropriate) of the coverage determination within these timelines:

- For an external exception review request, no later than 72 hours following receipt of the request, if the original request was a standard exception request as defined above,
- For an expedited exception request, no later than 24 hours following its receipt of the request, if the original request was an expedited exception request as defined above.

SECTION 7. CLAIMS PAYMENT

DEDUCTIBLE

The Deductible is the amount you are required to pay toward covered charges each year before the Plan begins paying toward your Claims. The specific maximum amount of your Deductible is specified in the Schedule of Benefits attached to your Policy. Your Policy may apply a maximum Deductible for In-Network Providers and a separate maximum Deductible for Out-of-Network Providers.

Each Dependent who is a Covered Person is subject to the same Deductible as the Policyholder. No further Deductible is necessary for the Benefit Year once family Members have accumulated Deductible Amounts that satisfy the family Deductible maximum stated on the Schedule of Benefits. No one individual shall contribute more than his individual Deductible amount for the specific Policy toward the family Deductible. Pharmacy Benefits do not have a family Deductible maximum unless specifically outlined on your Schedule of Benefits.

Deductibles are applied in the order received by the Plan. The Benefits in the Policy are subject to a Deductible, unless otherwise noted. In calculating Benefits payable, the Deductible first shall be applied to the allowable expenses covered by the Policy prior to applying any applicable Co-insurance factor.

Your Policy may require one Deductible amount to be applied for covered medical services received and a separate Deductible to be applied for covered pharmaceutical services. The Schedule of Benefits identifies the Deductible amounts applicable to your Policy. If separate Deductibles do apply, each Deductible amount shall remain separate and distinct from one another.

DEDUCTIBLES WILL APPLY IN ACCORDANCE WITH THE FOLLOWING SCHEDULE:

- Existing Covered Persons of the Plan: January 1 through December 31.
- New Covered Persons of existing Policy: Effective Date through December 31.
- Amounts paid toward Non-Covered Services are not part of your Deductible and do not apply toward your Deductible.
- If a Provider, Pharmacy, or any third party payer waives, discounts, reduces, or indirectly pays the required cost sharing for a particular claim; the waived portion, discounted portion, reduced portion, or indirectly paid portion of the cost share will not apply to or reduce any Deductible applicable to the Plan.

CO-INSURANCE/ CO-PAYMENTS

Co-insurance is the percentage of covered charges you will be responsible to pay if you have met your Deductible when you receive a Covered Service. In most cases, the Provider may request you pay the Co-insurance/ Co-payment due from you at the time of service.

Co-payment is a fixed amount you will pay when you receive a covered medical service or covered pharmacy service.

- A Co-payment will be required for medical services received whether or not you have met your Deductible.
- The Deductible for pharmacy services must be met before a Co-payment will be required for pharmacy services.
- If a Provider, Pharmacy, or any third party payer waives, discounts, reduces, or indirectly pays the required cost sharing for a particular claim; the waived portion, discounted portion, reduced portion, or indirectly paid portion of the cost share will not apply to or reduce any Deductible applicable to the Plan.

The amounts you pay towards your Deductible are not considered a Co-insurance or Co-payment.

OUT-OF-POCKET MAXIMUM

An important feature of your Policy that provides additional protection to Policyholders and their covered family Members is a maximum annual Out-of-Pocket Limit. Each Calendar Year, the total amount of Co-insurance/ Co-payments you pay for medical services shall not exceed the maximum Out-of-Pocket Limits for medical services established by your Policy. Amounts you pay for Non-Covered Services do not apply toward the maximum

annual Out-of-Pocket Limit. If a Provider, Pharmacy, or any third party payer waives, discounts, reduces, or indirectly pays the required cost sharing for a particular claim; the waived portion, discounted portion, reduced portion, or indirectly paid portion of the cost share will not apply to or reduce any Out-of-Pocket applicable to the Plan.

The specific maximum annual Out-of-Pocket Limits are identified in the Schedule of Benefits attached to your Policy.

Amounts paid as penalties for failing to obtain Preauthorization when required are not applied toward your maximum Out-of-Pocket Limit.

Note: Co-insurance/ Co-payment amounts you pay for Covered Services to In-Network Providers shall be applied to the In-Network Maximum Annual Out-of-Pocket Limit only. Please refer to your Schedule of Benefits.

Co-insurance/ Co-payment amounts you pay for Covered Services to Out-of-Network Providers shall be applied to the Out-of-Network Maximum Annual Out-of-Pocket Limit only. Please refer to your Schedule of Benefits.

MAXIMUM ALLOWED AMOUNT

Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on your Plan's Maximum Allowed Amount for the Covered Service that you receive. The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement we will allow for services and supplies that:

- Meet our definition of Covered Services, to the extent such services and supplies are covered under your Plan and are not excluded;
- Are Medically Necessary; and
- Are provided in accordance with all applicable Pre-authorization, utilization management, or other requirements set forth in your Plan.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible, or have a Co-payment or Co-insurance.

Generally, services received from an Out-of-Network Provider under this Plan are not covered except for Emergency care, or when services have been previously authorized by us. When you receive Covered Services from an Out-of-Network Provider either in an Emergency or when services have been previously authorized, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

When you receive Covered Services from a Provider, we will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services you received were not Medically Necessary.

PROVIDER NETWORK STATUS

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network or an Out-of-Network Provider.

For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for your Plan is the rate the Provider has agreed with us to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Co-payment or Co-insurance.

If you use an Out-of-Network Provider, your entire claim will be denied except for Emergency care, or unless the services were previously authorized by us.

Out-of-Network claims may be priced using the Plan's Usual and Customary Rate, or the pricing arrangements required by applicable State or federal law. In certain situations, the Maximum Allowed Amount for out of area

claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained In-Network, or a special negotiated price.

Out-of-Network Providers may send you a bill and collect for the amount of the Provider's charge that exceeds Our Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing an In-Network Provider will result in lower Out-of-Pocket costs to you.

MAXIMUM BENEFITS

Lifetime Maximum Benefit – there is a Lifetime Maximum Benefit for each Covered Person as stated in the Schedule of Benefits attached to this Policy. The Lifetime Maximum Benefit means the maximum amount of Benefit Payments the Plan will pay to a Covered Person during that individual's lifetime.

CLAIMS REVIEW FOR FRAUD, WASTE AND ABUSE

We have processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking Emergency services, Urgent Care services received in an Urgent Care Center, or other services authorized by us in accordance with this Policy from Out-of-Network Providers could be balanced billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

RIGHTS TO RECOVERY

If the amount of the payments made by Cox Health Systems Insurance Company is more than it should have paid under this coordination of Benefits provision, it may recover the excess from the person it has paid or for whom it has paid.

The amount of the payments made includes the reasonable cash value of any Benefits provided in the form of services. This right to recovery is limited to within 12 months from the date the Claim was paid, except in cases of fraud or misrepresentation by the health care Provider.

 - Other Dependents who are not currently Enrolled cannot be added at this time.
- A court or administrative order stating the Policyholder shall provide insurance for the Dependent child, or a Dependent child who would otherwise meet eligibility requirements for coverage at Open Enrollment.
- If you are enrolled in Policy obtained outside of the Marketplace and apply in writing to add a dependent and you pay the required premiums, we will send you written confirmation of the added dependent member's effective date of coverage and ID Cards for the added dependent.
- Change in Status
 - An Individual, not previously a citizen, national, or lawfully present Individual gains such status;
 - An Individual is determined newly eligible or newly ineligible for Advance Payments of the Premium Tax Credit or has a change in eligibility for Cost-Sharing reductions, regardless of whether such Individual is already enrolled in a health plan;

 - A Qualified Individual or dependent loses minimum essential coverage, non-calendar year group or individual health insurance coverage, pregnancy-related coverage, access to healthcare services through coverage provided to a pregnant enrollee's unborn child, or medically needed coverage;
 - A Qualified Individual's enrollment or non-enrollment in a Qualified Health Plan is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the Health Insurance Marketplace or HHS, or its instrumentalities as evaluated and determined by the Health Insurance Marketplace. In such cases, the Health Insurance Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;
 - An enrollee adequately demonstrates to the Health Insurance Marketplace that the Qualified health plan in which he or she is enrolled substantially violated a material provision of its contract in relation to

the enrollee's decision to purchase the Qualified Health Plan based on plan benefits, service area or premium;

EFFECTIVE DATE OF COVERAGE

ANNUAL OPEN ENROLLMENT PERIOD(S)

The earliest Effective Date for the annual Open Enrollment Period is the first day of the following Benefit Year for an Individual who has made a plan selection during the annual Open Enrollment Period. A Policyholder's actual Effective Date is determined by the date he or she submits a complete application and the applicable Premium.

Coverage for eligible dependents will begin at the same time as the eligible Individual if:

- The Individual has requested Dependent coverage during Annual Open Enrollment Period,
- Submitted a completed application form, and
- Paid the required Premium.

SPECIAL ENROLLMENT

A Qualified Individual has 60 days to report a qualifying event to the Marketplace and could be granted a 60 day Special Enrollment Period as a result of one of the following events:

If the Individual's request is received by the Plan during the 60 days before or after the triggering event, the coverage shall become effective:

- In the case of marriage, at least one spouse must demonstrate having minimum essential coverage as described in 26 CFR 1.5000A-1(b) for 1 or more days during the 60 days preceding the date of marriage.
- In the case of marriage, coverage is effective on the first day of the first following month after your application is received, but not to be effective until the first of the month following the date of marriage;
- In the case of a Dependent's birth, on the date of such birth; or
- In the case of a Dependent's adoption or placement for adoption, the date of such adoption or placement for adoption, or on the first of the month following the date of birth;
- In the case of a court or administrative order granting Legal Custody/ Guardianship, on the first day of the first day the order is effective;
- In the event of Loss of coverage, or becoming eligible for coverage, coverage is effective on the first day of the following month after your application is received, but not to be effective until the first of the month following the Loss of Minimum Essential coverage or becoming eligible for coverage.
- In the case of an Individual gaining access to new health plans as a result of a permanent move coverage is effective:
 - the first day of the following month if application is received between the 1st and 15th day of the month
 - the first day of the 2nd month if the application is received between the 16th and the last day of the month.
- At the option of the Health Insurance Marketplace, a Qualified Individual provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment in a Qualified Health Plan through the Health Insurance Marketplace following termination of Marketplace enrollment due to a failure to verify such status within the time period specified in 45 C.F.R. §155.315 or is under 100 percent of the federal poverty level and did not enroll in coverage while waiting for HHS to verify his or her citizenship, status as a national or lawful presence.

In the case of birth, adoption or placement for adoption, the coverage is effective on the date of birth, adoption or placement for adoption, but advance payments of the premium tax credit and cost-sharing reductions, if applicable, are not effective until the first day of the following month, unless the birth, adoption, or placement for adoption occurs on the first day of the month. In the case of marriage, or in the case where a Qualified Individual loses minimum essential coverage, the effective date is the first day of the following month.

The Health Insurance Marketplace may provide a coverage effective date for a Qualified Individual earlier than specified in the paragraphs above, provided that either:

- The Qualified Individual has not been determined eligible for advanced payments of the premium tax credit or cost-sharing reductions; or
- The Qualified Individual pays the entire premium for the first partial month of coverage as well as all cost sharing, thereby waiving the benefit of advanced payments of the premium tax credit and cost-sharing reduction payments until the first of the next month.

Effective Dates for loss of Coverage do not include termination or Loss due to:

- Failure to pay Premiums on a timely basis, including COBRA Premiums prior to the expiration of COBRA coverage, or
- Situations allowing for a rescission such as fraud or intentional misrepresentation of material fact.

SECTION 9. TERMINATION

TERMINATION OF COVERED PERSON'S COVERAGE

Except as otherwise provided, your coverage may terminate in the following situations. The information provided below is general and the actual Effective Date of Termination may vary based on your agreement with us and your specific circumstances, such as whether Premium has been paid in full:

- If you voluntarily elect to terminate coverage for yourself or dependents while still eligible, Termination will generally be effective on the last day of the billing period in which we received your notice of Termination.
- If you perform an act or practice that constitutes fraud or an intentional misrepresentation of material fact relating to Claims or application for coverage, then we may terminate your coverage upon a 30 day written notice to the Policyholder as permitted by current state and federal guidelines. You are responsible to pay us for the cost of previously received services based on the Maximum Allowable Amount for such services, less any Co-payments made or Premium paid for such services. On the date your coverage is terminated, we will also terminate your Dependent's coverage. We will notify the Group in the event we terminate you and your Dependent's coverage.
- If payment and/or satisfactory arrangements to pay have not been made in accordance with the terms of the Policy, we may terminate your coverage and may also terminate the coverage of your Dependents, generally effective immediately upon our written notice to you.
- If you permit the use of your or any other Member's Plan ID Card by any other person; use another person's card; or use an invalid card to obtain services, your coverage will terminate immediately upon our written notice to you. Any Subscriber or Dependent involved in the misuse of a Plan ID Card will be liable to and must reimburse us for the Maximum Allowable Amount for services received through such misuse.

The date of termination that the Marketplace provides us upon your request of cancellation to the Marketplace, or if you enrolled directly with us, the date we receive a request from you to terminate this contract, or any later date stated in your request.

If you have enrollment changes (examples include a change in life event (marriage, death) or family status), or questions related to your health insurance coverage, contact the Health Insurance Marketplace at www.healthcare.gov or 1-800-318-2596.

COVERAGE TERMINATION

A Policyholder's insurance will terminate upon the occurrence of the first of the following events:

- this Policy terminates;
- the Policyholder voluntarily terminates his coverage under this Policy;
- the date of your death, if you are the only member on this Policy;
- the Premium has not been paid within the grace period.

Coverage for terminating individuals will end on the day prior to the first Service Date following date of Termination notification to Plan. However we may, at our option, allow an earlier Termination Date if you present evidence to us of other existing coverage within the first ten days of a billing period, and no claims have been presented to and paid by us within that billing period.

If this Policy is other than an individual coverage only plan (includes family coverage), it may be continued after your death by:

- Your spouse if, a member, otherwise by
- the youngest child who is a member.

This contract will be changed to a plan appropriate, as determined by us, to the member(s) who continue to be covered under it.

DEPENDENT COVERAGE TERMINATION

- this Policy terminates;
- the Policyholder's coverage terminates for any reason, except due to the Policyholder's attainment of the maximum amount payable under this Policy;
- the required Premium is not paid within the grace period;
- the Dependent no longer meets the eligibility requirements unless the Dependent is incapable of self-support due to mental or physical handicap; or
- an active Policyholder voluntarily terminates Dependent coverage under this Policy.

RESTRICTIONS ON TERMINATION

Should a Policyholder and/or Covered Dependent terminate coverage, eligibility for future coverage shall be at the next Open Enrollment Period unless Special Enrollment/eligibility conditions are met.

SECTION 10. GRIEVANCES

GRIEVANCE PROCEDURE

DEFINITIONS

A complaint is any expression of concern about a condition in the Plan's operation. A complaint may be initiated in person, in writing, or by telephone to the Member Services Department.

A Grievance is a written complaint submitted by or on behalf of a Member regarding the:

- Availability, delivery or quality of health care services, including a complaint regarding an Adverse Determination made pursuant to Utilization Review;
- Claims payment, handling or reimbursement for health care services; or
- Matters pertaining to the contractual relationship between a Member and a health carrier.

A complaint is only considered a Grievance when it is in writing as a Grievance letter submitted to Cox Health Systems Insurance Company.

A Covered Person may file a Grievance when he feels Cox Health Systems Insurance Company has not adequately responded to his needs.

PROCEDURES FOR COMPLAINTS:

Covered Persons with complaints or problems regarding any aspect of services rendered by a Cox Health Systems Insurance Company Provider, or relationships with that Provider should contact the Provider with whom the problem occurred. If the matter is not satisfactorily resolved, the Covered Person may make an informal complaint by contacting Cox Health Systems Insurance Company Member Services Department.

If the informal complaint is not with a particular Provider but is with the administrative operations of Cox Health Systems Insurance Company itself, the Member Services Department should be contacted directly. The Covered Person has the right to contact the Director of the Missouri Department of Insurance at any time for assistance by mail at P.O. Box 690, Jefferson City, MO 65101; or by phone at (800) 726-7390 or (573) 751-2640.

PROCEDURES FOR FORMAL GRIEVANCES:

Cox Health Systems Insurance Company has a first-level and second-level Grievance review. A Covered Person, a Covered Person's representative, or a Provider acting on behalf of a Covered Person, may submit a Grievance.

First Level Grievance

First-level Grievance reviews must be submitted within 180 days from the date of written notice from the Plan to the enrollee of a processed Claim or response to Preauthorization request.

Upon receipt of a request for first-level Grievance review, the Plan will:

- Acknowledge receipt in writing of the Grievance within 10 working days;
- Conduct a complete investigation of the Grievance within 20 working days after receipt of a Grievance, unless the investigation cannot be completed within this time. If the investigation cannot be completed within 20 working days after receipt of a Grievance, the Covered Person shall be notified in writing on or before the 20th working day and the investigation shall be completed within 30 working days thereafter. The notice shall set forth with specificity the reasons for which additional time is needed for the investigation;
- Within 5 working days after the investigation is completed, someone not involved in the circumstances giving rise to the Grievance or its investigation will decide upon the appropriate resolution of the Grievance and notify you in writing of the Plan's decision regarding the Grievance and of the right to file for a second-level review. The notice shall explain the resolution of the Grievance and the right to file for a second-level review in terms which are clear and specific;
- Within 15 working days after the investigation is completed the Covered Person and/or the person who submitted the Grievance will be notified in writing of the Plan's decision regarding the Grievance. The

notice of the Plan's decision will include the Covered Person's or the Plan's rights to file a request for review with the Missouri Department of Insurance.

- The Covered Person has the right to contact the Director of the Missouri Department of Insurance at any time regarding a Grievance: P.O. Box 690, Jefferson City, MO 65101, (800) 726-7390 or (573) 751-2640. If the Grievance is unresolved by the Missouri Department of Insurance, then it shall be resolved by referral to an independent review organization.

Second Level Grievance

Second-level Grievance reviews must be submitted within 180 days from the date of written notice from the Plan to the person who submitted the First-level Grievance.

- Upon receipt of a request for second-level review, the Plan will submit the Grievance to a Grievance/Appeal Committee consisting of:
 - Other Members and the Representatives of Cox HealthPlans who were not involved in the circumstances giving rise to the Grievance or in any subsequent investigation or determination of the Grievance. Timeframes for a second-level review will be the same as the timeframes for a first-level review.
- Where the second level review involves an Adverse Determination, a majority of persons serving on the committee will be appropriate clinical peers in the same or similar specialty as would typically manage the case being reviewed who were not involved in the circumstance giving rise to the Grievance or in any subsequent determination of the Grievance.
- The Covered Person has the right to contact the Director of the Missouri Department of Insurance at any time regarding a Grievance: P.O. Box 690, Jefferson City, MO 65101, (800) 726-7390 or (573) 751-2640. If the Grievance is unresolved by the Missouri Department of Insurance, then it shall be resolved by referral to an independent review organization.

EXPEDITED REVIEW OF GRIEVANCES

The Plan has written procedures for the expedited review of a Grievance involving a situation where the time frame of the standard Grievance procedures would seriously jeopardize the life or health of a Covered Person or would jeopardize the Covered Person's ability to regain maximum function. A request for an expedited review may be submitted orally or in writing. However, for purposes of the Grievance register requirements, the request shall not be considered a Grievance unless the request is submitted in writing. Expedited review procedures shall be available to a Covered Person, the representative of a Covered Person, and to the Provider acting on behalf of a Covered Person. Please call the phone number on the back of your ID card to submit an oral request for an expedited review and for instruction on how to submit the request in writing.

The Plan will notify the Covered Person orally within 72 hours after receiving a request for an expedited review of the Plan's determination, and shall provide written confirmation of its decision covering an expedited review within 3 working days of providing the notification of the determination.

SECTION 11. GENERAL PROVISIONS

POLICYHOLDER PROVISIONS

ENTIRE CONTRACT; CHANGES

This Individual Health Plan Policy (Policy), the Individual Application, the Premium Schedule, and attached papers shall constitute the "Contract" between the Plan and the Policyholder.

No change in this Contract shall be effective until approved by one of the Plan's Company Officers. This approval must be noted on or attached to the Individual Application. No agent may change this Policy or waive any of its provisions. A copy of the Contract shall be supplied to the Policyholder when issued.

PREMIUMS

The initial Premium rates in effect on the Effective Date of Coverage are illustrated on the Final Rate illustration approved and accepted by the Policyholder during the initial Enrollment process. The initial Premium must be paid in advance of the Effective Date of Coverage.

Premiums as approved and accepted by the Policyholder during the initial Enrollment process will be in effect from the Effective Date of Coverage through the end of the Calendar Year, unless:

- Otherwise agreed upon by the Plan and the Policyholder within the Individual Application for a shortened or extended time period,
- If a Covered Person's birthday moves them into the next age classification, your Premium will change. Your Premium is based upon the ages at the first of each month of all Covered Persons covered by this Policy,
- The terms of the contract change.

Thereafter, the Plan shall have the right to change the Premiums as of the anniversary date of the Policyholder's Effective Date of Coverage, in which case the Policyholder will be notified at least 31 days prior to the anniversary date. The adjusted renewal rates are illustrated on the Renewal Authorization supplied within the above notification. Adjusted renewal rates will take effect upon the first month of the renewal period and will be deemed accepted upon payment of the first Premium due upon renewal.

GRACE PERIOD

When a member is receiving a premium subsidy:

After the first premium is paid, a grace period of 3 months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if advance premium tax credits are received.

We will continue to pay all appropriate claims for covered services rendered to the member during the first month of the grace period, and may pend claims for covered services rendered to the member in the second and third month of the grace period. We will notify HHS of the non-payment of premiums, the member, as well as providers of the possibility of denied claims when the member is in the second and third month of the grace period. We will continue to collect advance premium tax credits on behalf of the member from the Department of the Treasury, and will return the advance premium tax credits on behalf of the member for the second and third month of the grace period if the member exhausts their grace period as described above.

When a member is not receiving a premium subsidy:

Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a 31 day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the Contract will stay in force; however, claims may pend for covered services rendered to the member during the grace period. We will notify HHS, as necessary, of the non-payment of

premiums, the member, as well as providers of the possibility of denied claims when the member is in the grace period.

Third Party Payment of Premiums

Cox HealthPlans requires each Policyholder to pay his or her premiums and this is communicated on your monthly billing statements. Our payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting third party premiums. Consistent with CMS guidance, the following are the ONLY acceptable third parties who may pay premiums on your behalf:

1. Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations or urban Indian organizations;
3. State and Federal Government programs; or
4. Family members.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment

MISSTATEMENT OF AGE

If the age of the Covered Person has been misstated, amounts payable under this Policy shall be such as the Premium paid would have purchased at the correct age.

PAYMENT

Premium payments are due the first business day of the effective coverage month. The Policyholder agrees to remit on or before the Premium due date the full monthly Premium payment set forth in the Premium schedule for each eligible Policyholder and Dependent(s) Enrolled here under, in accordance with the Plan's records.

If payment in full is not received within 31 days after the Premium due date, coverage will be terminated unless otherwise agreed upon by the Plan, at its option.

REINSTATEMENT

If you fail to make your Premium payment within the Grace Period allowed (31 days from the due date) and we, or any agent duly authorized by us to accept Premium, accepts the Premium due, without requiring in connection with the Premium an Application for reinstatement, shall reinstate the Policy; provided, however, that if we or such agent requires an Application for reinstatement and issues a conditional receipt for the Premium tendered, the Policy will be reinstated upon our approval of such Application, or, lacking notification by us to the insured of the disapproval of the Application for reinstatement, upon the 45th day following the conditional receipt. If reinstatement of the Policy is granted, the Policyholder may be required to utilize the ACH Direct Debit Program, or other payment arrangements agreed upon by both parties, for future Premium payments. If reinstatement is granted, there will be no lapse in coverage.

For coverage purchased via the Health Insurance Marketplace, the Health Insurance Marketplace should be contacted for reinstatement.

The Rescissions provision will apply to statements made on the reinstatement application, based on the date of reinstatement.

In all other respects, you and we will have the same rights as before your contract lapsed.

TERMINATION

The Contract will become effective at 12:01 AM Central Time on the Effective Date of Coverage as specified in the Individual Application, and will remain in force for 12 months, or as agreed upon by the Plan and Policyholder, subject to the right of either the Plan or the Policyholder to terminate the Contract.

The Contract will be terminated without notice as of 12:00 midnight on the last day of the 31 day grace period following the Premium due date if Premiums are not paid on or before the due date or during that grace period, unless otherwise agreed upon by the Plan. If the Contract is terminated due to non-payment of Premiums; the

Plan reserves the right to require an advance payment of 3 months estimated Premium as an advance deposit to reinstate the coverage for the remainder of the 12 month period. The advance deposit at the Plan's discretion would be:

- Applied to the last 3 months of the Policyholder's annual Contract; or
- Returned at the Termination of the Contract less any unpaid Premiums or Claims paid after Termination Date.

The Contract may be terminated upon a 30 day written notice to the Policyholder for an act or practice that constitutes fraud or an intentional misrepresentation of material fact by the Policyholder, or with respect to the coverage of individual Covered Dependents, by the Policyholder or his representative as permitted by current state and federal guidelines. This contract Termination provision is subject to the "Time Limit on Certain Defenses" provision as stated in this section. The Insured's right to examination of coverage allows 10 days following the date of delivery in which to examine the insurance coverage and to return that coverage for a full refund of Premium.

If the Contract is terminated by the Policyholder without 31 days prior written notice to the Plan, and Claims are paid for services received after the date of the Termination, the Policyholder will be liable for Premiums and service charges for the billing period or periods in which Claims were paid.

UNPAID PREMIUM

Upon the payment of a Claim under this Policy, any Premium then due and unpaid or covered by any note or written order may be deducted therefrom.

TERM OF AGREEMENT

This Agreement shall remain in effect for the first year and thereafter for successive years unless terminated as provided herein. The term of the Agreement may differ, if specified in the Individual Application.

REFUND UPON CANCELLATION

We will refund any premium paid and not earned due to contract termination. You may cancel the contract at any time by written notice, delivered or mailed to the Marketplace, or if an off-exchange member by written notice, delivered or mailed to us. Such cancellation shall become effective the last day of the month in which notification is received, or on such later date specified in the notice ending on the last day of the specified month. If you cancel, we shall promptly return any unearned portion of the premium paid, but in any event shall return the unearned portion of the premium within 30 days of the termination effective date. Cancellation shall be without prejudice to any claim originating prior to the effective date of the cancellation.

For coverage purchased within the Marketplace, the Health Insurance Marketplace should be contacted for cancellation effective dates at www.healthcare.gov or 1-800-318-2596.

CHANGE OF OCCUPATION

If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this Policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this Policy as the Premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation.

If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this Policy, the insurer, upon receipt of proof of such change of occupation, will reduce the Premium rate accordingly, and will return the excess pro rata unearned Premium from the date of change of occupation or from the Policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the Premium rates shall be such as have been last filed by the insurer prior to the occurrence of the Loss for which the insurer is liable, or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this Policy was issued; but if such filing was not required, then the classification of occupational risk and the

Premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the Loss or prior to the date of proof of change in occupation.

AMENDMENTS TO POLICY

This Policy may be amended at any time by agreement between the Policyholder and the Plan without the consent or notice to any Covered Person or beneficiary. To be effective, such Amendment will be evidenced by an endorsement signed by the Plan's President or Secretary. If an Amendment affects the rights described in the Policy, the Plan will issue Amendments or a revised Policy if applicable to the Policyholder for delivery to each Policyholder.

Any Amendment shall be without prejudice to any Claim arising prior to the date of the change.

TIME LIMIT ON CERTAIN DEFENSES

After two years from the date of issue of this Policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such Policy shall be used to void the Policy or to deny a Claim for Loss incurred commencing after the expiration of such two-year period.

The foregoing Policy provision shall not be so construed as to affect any legal requirements for avoidance of a Policy, or denial of a Claim during such initial two-year period, nor to limit the application of RSMo 376.777.1 in the event of misstatement with respect to age or occupation or other insurance.

After this Policy has been in force for a period of three years during the lifetime of the insured (excluding any period during which the insured is Disabled), it shall be uncontestable as to the statements contained in the application.

No Claim for Loss incurred commencing after two years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not Excluded from coverage by name or specific description effective on the date of Loss had existed prior to the Effective Date of coverage of this Policy.

CONFORMITY WITH STATE AND FEDERAL STATUTES

Any provision of this Policy which, on its Effective Date, is in conflict with the federal law or the laws of the state in which the Policyholder resides on that date is amended to conform to the minimum requirements of such laws.

TIME PERIODS

All periods of insurance begin and end at 12:01 AM, Central Time.

FILING OF CLAIMS

The Plan shall furnish to the person making a Claim, or to the Policyholder for delivery to such person, such forms as are usually furnished by it for filing proof of Loss. If such forms are not furnished before the expiration of 15 days after the Plan receives notice of any Claim under the Policy, the person making such Claim shall be deemed to have complied with the requirements of the Policy as to proof of Loss upon submission, within the time fixed by the Policy for filing proof of Loss, written proof covering the occurrence, character, and extent of the Loss for which Claim is made.

All Benefits payable under the Policy, other than Benefits for Loss of time, shall be payable not more than 30 days after receipt of proof, subject to due proof of Loss. Accrued Benefits payable under the Policy for Loss of time shall be paid not less frequently than monthly during the continuance of the period for which the Plan is liable, and any balance remaining unpaid at the Termination of such period shall be paid as soon as possible after receipt of such proof.

NOTICE OF CLAIMS

Written notice of Claims must be given to us within 20 days after the occurrence or commencement of any Loss covered by the Policy, or as soon as thereafter is reasonably possible. Notice given by or on behalf of the insured of the beneficiary to the insured at Cox HealthPlans, or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.

POLICY

The Plan will issue to the Policyholder, for delivery to each person insured, a Policy setting forth a statement as to the insurance protection to which that person is entitled, to whom the insurance Benefits are payable, and a statement as to any family Member's or dependents' coverage.

PROOF OF CLAIM

Written proof of Loss must be furnished to the insurer at its said office in case of Claim for Loss for which this Policy provides any periodic payment contingent upon continuing Loss within ninety days after the termination of the period for which the insurer is liable and in case of Claim for any other Loss within ninety days after the date of such Loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any Claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

Written proof must be given to us at our operating office, P.O. Box 5750, Springfield, Missouri 65801-5750.

PHYSICAL EXAMINATIONS

The Plan shall have the right and opportunity, at the Plan's own expense, to examine the person of the individual for whom Claim is made when and so often as it may reasonably require during the pendency of the Claim under the Policy, and also the right and opportunity, at the Plan's own expense, to request an autopsy in case of death where it is not prohibited by law.

LEGAL ACTIONS

No legal action may be brought to recover on this Policy within 60 days after written proof of Loss has been given as required by this Policy. No such action may be brought after 3 years from the time written proof of Loss is required to be given.

PROCESSING OF THE FILED CLAIM

Eligible reimbursements payable under this Policy will be paid immediately upon receipt of due written proof of Claim.

All eligible reimbursement will be payable to In-Network Providers. Reimbursement for services received from an Out-of-Network Provider will be paid to the Covered Person unless there was an assignment of Benefits signed by the Covered Person allowing payment directly to the Out-of-Network Provider.

The Plan will send a Covered Person an Explanation of Benefits form or letter to show what services were paid, how much was paid, who was paid, when payment was made or why payment for some services was not made or was made in part.

If the Plan denies all or any part of a Covered Person's Claim, the Plan will send the Covered Person an Explanation of Benefits form or a letter telling why the Claim was denied. The form or letter may also tell the Covered Person what other information, if any, the Plan would need to reconsider its decision.

Cox Health Systems Insurance Company reserves the right to audit any Claim filed for reimbursement. If a Covered Person does not agree with the Plan's decision, he has the right to file a Grievance.

INSURANCE WITH OTHER INSURERS – EXPENSE INCURRED BENEFITS

If there be other valid coverage, not with this insurer, providing Benefits for the same Loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of Loss, the only liability under any expense incurred coverage of this Policy shall be for such proportion of the Loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same Loss of which this insurer had notice bears to the total like amounts under all valid coverages for such Loss, and for the return of such portion of the Premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying

this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

INSURANCE WITH OTHER INSURERS – OTHER BENEFITS

If there be other valid coverage, not with this insurer, providing Benefits for the same Loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of Loss, the only liability for such Benefits under this Policy shall be for such proportion of the indemnities otherwise provided hereunder for such Loss as the like indemnities of which the insurer had notice (including the indemnities under this Policy) bear to the total amount of all like indemnities for such Loss, and for the return of such portion of the Premium paid as shall exceed the pro rata portion for the indemnities thus determined.

MEDICARE COORDINATION OF BENEFITS

Benefits will be coordinated for any person covered under either Part A or Part B of Medicare, not only for persons covered under both Medicare Part A and Part B.

When any Covered Person is eligible for Medicare, any Medicare Benefits will reduce all Policy Benefits otherwise payable with respect to the Covered Person. For the purposes of this provision, Benefits will be paid on the basis that the Covered Person is covered by either Part A or Part B of Medicare. If the Covered Person should not receive Benefits under either Part A or Part B because of:

- Failure to Enroll when required; or
- Failure to pay any Premiums that may be required for full coverage of the person under Medicare; or
- Failure to file any written request or Claim required for payment of Medicare Benefits, the Plan will make determination of the total Benefits that would have been payable under Medicare in the absence of this failure.

RENEWABILITY OF INSURANCE

This Policy is guaranteed renewable on a year-to-year basis, for Policyholders and Dependents, except for the following reasons:

Individual Health Plan EPO Policy

COVERED SERVICES CLARIFICATION AMENDMENT

This amendment is attached to and made a part of the Policy **effective January 1, 2022**.

“THIS IS A NETWORK – ONLY PLAN” as appears in Section 3, “HOW TO OBTAIN SERVICES” is replaced to read as follows:

THIS IS A NETWORK – ONLY PLAN

Services that are not obtained from an In-Network Provider or that are not Authorized Services will be considered an Out-of-Network Service. This Plan does not provide benefits for any services you receive from an Out-of-Network Provider except:

- Emergency Care, Urgent Care, Emergency ambulance services
- Two sessions per year for the purpose of diagnosis or assessment of mental health
- Care that we approve as an Authorized Service.

In-Network Providers include Physicians, Hospitals, and other health care facilities. Check the provider directory available at www.coxhealthplans.com, or call the number on your ID Card to determine if a Provider is In-Network.

No benefits are payable unless the Covered Person receives services from an In-Network Provider, except in the case of initial treatment and stabilization of a Medical Emergency, as indicated below under “Special Circumstances”.

Benefits are provided only for those services that are Medically Necessary as defined within this Plan and for which the Covered Person has benefits. The fact that a Physician prescribes or orders a service does not, in itself, mean that the service is Medically Necessary or that the service is a Covered Service. Consult this Plan document or contact us if you have any questions regarding whether services are covered.

Out-of-Network Providers shall not balance bill a member for services provided at an In-Network facility unless the provider has provided notice to and obtained consent from the member. Notice and consent requirements shall not apply to ancillary services.

Ancillary services are:

- items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether or not provided by a physician or non-physician practitioner, and items and services provided by assistant surgeons, hospitalists, and intensivists;
- diagnostic services (including radiology and laboratory services) (except as the Secretary specifies as excluded through rulemaking;
- items and services provided by such other specialty practitioners, as the Secretary specifies through rulemaking; and

items and services provided by a nonparticipating provider if there is no participating provider who can furnish such item or service at such facility.

“PROVIDER NETWORK” as appears in Section 3, “HOW TO OBTAIN SERVICES” is replaced to read as follows:

PROVIDER NETWORK

In-Network Providers are the key to providing and coordinating your health care services. The Plan has entered into contracts with a Network of Providers to provide medical services at a reduced cost. Covered Expenses for In-Network Providers are based on our Negotiated Rate. In-Network Providers have agreed not to charge more than our Negotiated Rates for Covered Services. In-Network Providers may charge the Covered Person for services that are not Covered Services by the Plan.

Services obtained from an Out-of-Network Provider are not Covered Services, except for Emergency Services, (including those provided by an Urgent Care facility), ambulance services, and mental health including two sessions per year for the purpose of diagnosis or assessment of mental health; or as an Authorized Service. Contact us to verify if Preauthorization is required.

In-Network Providers include other professional Providers, Hospitals, and other facility Providers who contract with us to perform services for you. Providers include general practitioners, internists, family practitioners, pediatricians, obstetricians & gynecologists, geriatricians or other In-Network Providers as allowed by the Plan.

- You will not be required to file any Claims for services you obtain directly from Network Providers. Network Providers will seek compensation for Covered Services rendered from us and not from you except for approved Deductibles, Co-insurance and/or Co-payments. You may be billed by your Network Provider(s) for any Non-Covered Services you receive or when you have not acted in accordance with this Policy.
- Services provided by Out-of-Network Ancillary (non-facility) providers may be considered Out-of-Network even if provided at an In-Network facility.
- Be sure to check with the Provider prior to an appointment to verify that the Provider is currently contracted with Cox HealthPlans.

Should a member receive "Unanticipated Out-of-Network care", defined as: health care services received by a patient in an In-Network facility from an out-of-network health care professional from the time the patient presents with an emergency medical condition until the time the patient is discharged; the Plan will coordinate reimbursement with the provider in compliance with Missouri statute §376.690.

"SPECIAL CIRCUMSTANCES" appearing under "PROVIDER NETWORK" of Section 3, "HOW TO OBTAIN SERVICES" is replaced to read as follows:

SPECIAL CIRCUMSTANCES

Covered Expenses for the services of an Out-of-Network Provider will be paid according to the In-Network Provider benefit schedule in certain circumstances as provided below:

- Hospital Emergency Services: Emergency Services for an Emergency Medical Condition will be paid at the In-Network Provider benefit schedule. This includes Emergency Services for an Emergency Medical Condition obtained at an independent freestanding emergency department. Once the patient is stabilized and his/her condition permits transfer to an In-Network Hospital, services of an Out-of-Network Hospital will no longer be covered.
- Physician or other Provider Emergency Services: Covered Expenses will be paid at the In-Network Provider benefit schedule for the initial care of an Emergency Medical Condition.

"CONTINUITY OF CARE" appearing under "PROVIDER NETWORK" of Section 3, "HOW TO OBTAIN SERVICES" is replaced to read as follows:

CONTINUITY OF CARE

There may be instances in which your PCP or In-Network specialist ceases to be an In-Network Physician. In such cases, you may select a new PCP or In-Network specialist to continue receiving

Covered Services. However, in special circumstances you may be able to continue seeing your PCP or In-Network specialist, even though he or she is no longer affiliated with CHP.

Continuity of Care allows you to receive services at In-Network coverage levels if your PCP is leaving the Network and you are receiving “Active treatment” for a condition which includes a Member who:

- Is undergoing a course of treatment for a serious and complex condition from the provider or facility;
- Is undergoing a course of institutional or inpatient care from the provider or facility;
- Is scheduled to undergo non-elective surgery from the provider, including receipt of postoperative care from such provider or facility with respect to such a surgery;
- Is pregnant and undergoing a course of treatment for the pregnancy from the provider or facility; or
- Is or was determined to be terminally ill and is receiving treatment for such illness from such provider or facility.

In these cases, you may be able to continue seeing that Provider or facility until treatment is complete, or for 90 days, whichever is shorter. If you wish to continue seeing the same Provider, you or your doctor should contact Member Services for details. Such continuity of care must be approved in advance by CHP; and your doctor must agree to accept our reimbursement rate, and to abide by CHP’s policies and procedures and quality assurance requirements. Any decision by us regarding a request for Continuity of Care is subject to the Grievance Process. There may be additional circumstances where continued care by a Provider who ceases to be a Network Provider will not be available, such as when the Provider loses his/her license to practice or retires.

CLINICAL TRIALS

Coverage will be provided for Phase I, II, III or Phase IV Clinical Trials for the purposes of the prevention, early detection, or treatment of cancer, or other life threatening disease or condition;

In the case of treatment under a clinical trial, the treating facility and personnel must have the expertise and training to provide the treatment and treat a sufficient volume of patients. There must be equal to or superior, non-investigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the non-investigational alternatives.

Coverage required by this section shall include coverage for routine patient care costs incurred for drugs and devices that have been approved for sale by the Food and Drug Administration (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, including coverage for reasonable and medically necessary services needed to administer the drug or use the device under evaluation in the Clinical Trial.

Coverage for routine patient care costs shall apply to Phase I, Phase II, Phase III, or Phase IV clinical trials federally funded by one or more entities cited in 42 U.S.C. § 300gg-8(d)(1)(A)(B),(C), and also as identified below in compliance with Missouri statute §379.429:

Routine patient care costs include all items and services that are otherwise generally available to a qualified individual that are provided in the Clinical Trial except:

- The investigational item or service itself;
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and
- Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

“PROVIDER NETWORK STATUS” as appears in Section 7, “CLAIMS PAYMENT” is replaced to read as follows:

PROVIDER NETWORK STATUS

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network or an Out-of-Network Provider.

For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for your Plan is the rate the Provider has agreed with us to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Co-payment or Co-insurance.

If you use an Out-of-Network Provider, your entire claim will be denied except for Emergency care, or unless the services were previously authorized by us.

Out-of-Network claims may be priced using the Plan’s pricing arrangements required by applicable State or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained In-Network, or a special negotiated price.

Out-of-Network Providers may send you a bill and collect for the amount of the Provider’s charge that exceeds Our Maximum Allowed Amount, except for Emergency Care. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges, Except for Emergency Care. This amount can be significant. Choosing an In-Network Provider will result in lower Out-of-Pocket costs to you.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by us using Prescription Drug cost information provided by the Pharmacy Benefits Manager.

EMERGENCY SERVICES

Emergency Services are provided without prior authorization, regardless of whether the Provider is a Participating Provider or a participating emergency facility with respect to the services (regardless of the department of the hospital in which such items and services are furnished). Services provided by Out-of-Network Providers will be provided with cost-sharing that is no greater than that which would apply for an In-Network Provider and without regard to any other restriction other than an excluded service, or coordination of Benefits, and cost-sharing.

Emergency services include any additional items and services that are covered under a plan or coverage after a participant, beneficiary, or enrollee is stabilized and as part of outpatient observation or an inpatient or outpatient stay with respect to the visit in which the other emergency services are furnished (referred to as post-stabilization services) unless certain notice and consent requirements are met.

Should a Covered Person receive covered Emergency Services, the Covered Person will be responsible for In-Network Deductible/ Co-insurance/ Co-payments as specified in the Schedule of Benefits. Deductible/ Co-insurance/ Co-payments will include appropriate payments to the Emergency Room facility and Deductible/ Co-insurance/ Co-payments for the Emergency Room Physician. Follow-up care is not considered Emergency Care.

Should a Covered Person be admitted to an Out-of-Network facility as a result of an Emergency Service, the Covered Person will be responsible for In-Network Deductible/ Co-insurance/ Co-payments as specified in the Schedule of Benefits. Deductible/ Co-insurance/ Co-payments will include appropriate payments to Physicians and ancillary services related to the episode of care. Our Health Care Management staff will monitor an Out-of-Network admission/episode of care.

Treatment you get after your condition has stabilized is not Emergency Care. If you continue to get care from an Out-of-Network Provider, Covered Services may not be available. At such time as the Covered Person's condition no longer meets the definition of Emergency Services as stated above and the Covered Person continues to receive treatment Out-of-Network, the Covered Person will be responsible for Out-of-Network Deductible/ Co-insurance/ Co-payments as specified in the Schedule of Benefits.

Should a Covered Person be admitted to an Out-of-Network facility as a result of an Emergency Service, the Plan must be contacted by the Covered Person, or a Covered Person's representative, within 48 hours or as soon as possible.

Should a Covered Person receive "Unanticipated Out-of-Network care", the Plan will coordinate reimbursement with the Provider in compliance with Missouri statutes.

"Unanticipated Out-of-Network Care", is defined as: health care services received by a patient in an In-Network facility from an Out-of-Network Provider from the time the patient presents with an Emergency Medical Condition until the time the patient is discharged.

When Unanticipated Out-Of-Network Care is provided, the Provider who sends a claim to the Plan may bill a patient for no more than the Cost-sharing requirements as established in your Schedule of Benefits.

Within 45 processing days of receiving the health care professional's claim, the Plan shall offer to pay the Provider a reasonable reimbursement for Unanticipated Out-Of-Network Care based on the Provider's services. If the Provider participates in one or more of the Plan's networks, the offer of reimbursement for unanticipated Out-of-Network care shall be the amount from the network which has the highest reimbursement.

If Provider declines the Plan's initial offer of reimbursement, the Plan and Provider shall have 60 days from the date of the initial offer of reimbursement to negotiate in good faith to attempt to determine the reimbursement for the Unanticipated Out-Of-Network Care.

If the Plan and Provider do not agree to a reimbursement amount by the end of the 60-day negotiation period, the dispute shall be resolved through an arbitration process

The Plan shall inform the Provider of its Member's Cost-sharing requirements within 45 processing days of receiving a claim from the Provider for services provided.

The In-Network Deductible and Out-of-Pocket Maximum Cost-sharing requirements shall apply to the claim for the unanticipated Out-of-Network care.

Section 12 "DEFINITIONS" is updated to replace or add the following definitions:

The definition for "emergency services" is replaced to read:

Emergency Services: A health care item or service furnished or required to evaluate and treat an Emergency Medical Condition, which may include, but shall not be limited to, health care services that are provided in a licensed Hospital's emergency facility by an appropriate Provider, including services within an Independent Freestanding Emergency Department.

A new definition for "Independent Freestanding Emergency Department" is added to read:

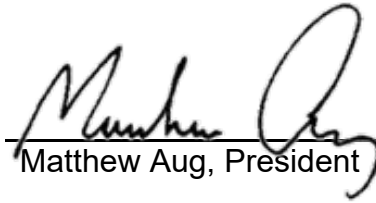

Independent Freestanding Emergency Department: means a health care facility that-is geographically separate and distinct and licensed separately from a hospital and provides emergency services.

A new definition for "Post-stabilization Services" is added to read:

PATIENT PROTECTION DISCLOSURE

This notice is required by Section 2719A of the Affordable Care Act.

When applicable, it is important that individuals enrolled in a plan or health insurance coverage know of their rights to (1) choose a primary care provider or a pediatrician when a plan or issuer requires designation of a primary care physician; or (2) obtain obstetrical or gynecological care without prior authorization. Accordingly, the interim final regulations regarding patient protections under section 2719A of the Affordable Care Act require plans and issuers to provide notice to participants of these rights when applicable.

Cox HealthPlans generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider.

For information on how to select a primary care provider, and for a list of the participating primary care providers, contact our Member Services Department at 417-269-2900 or 1-800-205-7665, or access this information at our website, www.coxhealthplans.com.

You do not need prior authorization from the Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

For a list of participating health care professionals who specialize in obstetrics or gynecology, contact our Member Services Department at 417-269-2900 or 1-800-205-7665, or access this information at our website, www.coxhealthplans.com.

GRIEVANCES NOTIFICATION

- Claims payment, handling or reimbursement for health care services; or
- Matters pertaining to the contractual relationship between a Member and a health carrier.

A Covered Person may file a Grievance when he feels Cox HealthPlans has not adequately responded to his needs.

PROCEDURES FOR COMPLAINTS:

Covered Persons with complaints, suggestions, or problems regarding any aspect of services rendered by a Cox Health Systems Insurance Company Provider, or relationships with that Provider should contact the Provider with whom the problem occurred. If the matter is not satisfactorily resolved, the Covered Person may make an informal complaint by contacting Cox Health Systems Insurance Company Member Services Department.

If the informal complaint is not with a particular Provider but is with the administrative operations of Cox Health Systems Insurance Company itself, the Member Services Department should be contacted directly.

The Covered Person has the right to contact the Director of the Missouri Department of Commerce & Insurance at any time for assistance by mail at P.O. Box 690, Jefferson City, MO 65101; or by phone at (800) 726-7390 or (573) 751-2640.

PROCEDURES FOR FORMAL GRIEVANCES:

Cox HealthPlans has a first-level and second-level Grievance review process. A Covered Person, a Covered Person's representative, or a Provider acting on behalf of a Covered Person, may submit a Grievance.

A Covered Person, a Covered Person's representative, or a Provider acting on behalf of a Covered Person, has the right to contact the Director of the Missouri Department of Commerce & Insurance at any time regarding an external review of a Grievance. The notice shall explain the resolution of the Grievance and the right to file for a second-level review in terms which are clear and specific;
4. Within 15 working days after the investigation is completed the Covered Person and/or the person who submitted the Grievance will be notified in writing of the Plan's decision regarding the Grievance. The notice of the Plan's decision will include the Covered Person's or the Plan's rights to file a request for review with the Missouri Department of Commerce & Insurance.
5. The Covered Person has the right to contact the Director of the Missouri Department of Commerce & Insurance at any time regarding a Grievance: P.O. Box 690, Jefferson City, MO 65101, (800) 726-7390 or (573) 751-2640. If the Grievance is unresolved by the Missouri Department of Commerce & Insurance, then it shall be resolved by referral to an independent review organization.

Second Level Grievance

Second-level Grievance reviews must be submitted within 180 days from the date of written notice from the Plan to the person who submitted the First-level Grievance.

- Upon receipt of a request for second-level review, the Plan will submit the Grievance to a Grievance advisory panel consisting of:
 - Other Members and the Representatives of Cox HealthPlans who were not involved in the circumstances giving rise to the Grievance or in any subsequent investigation or determination of the Grievance.
- Where the second level review involves an Adverse Determination, and the grievance advisory panel makes a preliminary decision that the determination should be upheld, the Plan shall submit the grievance for review to two independent clinical peers in the same or similar specialty as would typically manage the case being reviewed who were not involved in the circumstances giving rise to the grievance or in any subsequent investigation or determination of the grievance.

- In the event that both independent reviews concur with the grievance advisory panel's preliminary decision, the panel's decision shall stand. In the event that both independent reviewers disagree with the grievance advisory panel's preliminary decision, the initial adverse determination shall be overturned. In the event that one of the two independent reviewers disagrees with the grievance advisory panel's preliminary decision, the panel shall reconvene and make a final decision in its discretion. Review by the grievance advisory panel shall follow the same time frames as a first level review, except as provided for in section 376.1389 if applicable.
- The Covered Person has the right to contact the Director of the Missouri Department of Commerce & Insurance at any time regarding a Grievance: P.O. Box 690, Jefferson City, MO 65101, (800) 726-7390 or (573) 751-2640. If the Grievance is unresolved by the Missouri Department of Commerce & Insurance, then it shall be resolved by referral to an independent review organization.

EXPEDITED REVIEW OF GRIEVANCES

The Plan has written procedures for the expedited review of a Grievance involving a situation where the time frame of the standard Grievance procedures would seriously jeopardize the life or health of a Covered Person or would jeopardize the Covered Person's ability to regain maximum function. A request for an expedited review may be submitted orally or in writing. However, for purposes of the Grievance register requirements, the request shall not be considered a Grievance unless the request is submitted in writing. Expedited review procedures shall be available to a Covered Person, the representative of a Covered Person and to the Provider acting on behalf of a Covered Person. Please call the phone number on the back of your ID card to submit an oral request for an expedited review and for instruction on how to submit the request in writing.

The Plan will notify the Covered Person orally within 72 hours after receiving a request for an expedited review of the Plan's determination and shall provide written confirmation of its decision covering an expedited review within 3 working days of providing the notification of the determination.

GUARANTY FUND NOTICE

Notice Concerning Coverage Limitations and Exclusions under the Life and Health Insurance Guaranty Association Act.

Residents of this state who purchase life insurance, annuities, or health Insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Missouri Life and Health Insurance Guaranty Association. The purpose of this association is to assure that Policyholders will be protected, within limits, in the unlikely event that a member insured becomes financially unable to meet its obligations. If this should happen, the guaranty association will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state and, in some cases, to keep coverage in force. The valuable extra protection, provided by these insurers through the guaranty association is not unlimited, however. And, as noted below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

The Missouri Life and Health Insurance Guaranty Association may not provide coverage for this Policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in Missouri. You should not rely on coverage by the Missouri Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance Policy.

Coverage is not provided for your Policy or any portion of it that is not guaranteed by the insurer or for which you have assumed that risk, such as a variable contract sold by prospectus.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the guaranty association to induce you to purchase any kind of insurance Policy. You may contact either the Association or the Missouri Department of Insurance at the following addresses should you have any questions regarding this notice.

The state law that provides for this safety-net coverage is called the Missouri Life and Health Insurance Guaranty Association Act. On the next page is a brief summary of this law's coverages, exclusions and limits. This summary does not cover all provisions of the law; nor does it, in any way, change anyone's rights or obligations under the act or the rights or obligations of the guaranty association.

Generally, persons will be covered if they live in this state, and hold a life or health insurance contract or annuity, or a certificate under a group Policy or contract. However, not all individuals with a right to recover under life or health insurance policies or annuities are protected by the Act. A person is not protected when:

1. The person is eligible for protection under the laws of another state.
2. The person purchased the insurance from a company that was not authorized to do business in this state;
3. The Policy is issued by an organization which is not a member insurer of the association; or
4. The person does not live in this state, except under limited circumstances.

Additionally, the Association may not provide coverage for the entire amount a person expects to receive from the Policy. The Association does not provide coverage for any portion of the Policy where the person has

assumed the risk, for any Policy or reinsurance (unless an assumption certificate was issued), for interest rates that exceed a specified average rate, for employers' plans that are self-funded, for parts of plans that provide dividends or credits in connection with administration of Policy, or for unallocated annuity contracts (which are generally issued to pension plan trustees).

The Act also limits the amount the Association is obligated to pay persons on various policies. The basic protections provided by the Association are as follows:

Life Insurance

- \$300,000 in death benefits
- \$100,000 in cash surrender and withdrawal values

Health Insurance

- \$500,000 in hospital, medical and surgical insurance benefits
- \$300,000 in disability insurance benefits
- \$300,000 in long-term care insurance benefits
- \$100,000 in other types of health insurance benefits

Annuities

- \$250,000 in withdrawal and cash values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is as follows:

- \$300,000 in aggregate for all types of coverage listed above, with the exception of basic hospital, medical, and surgical insurance or major medical insurance
- \$500,000 in aggregate for basic hospital, medical, and surgical insurance or major medical insurance
- \$5,000,000 to one policy owner of multiple non-group policies of life insurance, whether the policy owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Missouri law.

To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association's website at www.mo-iga.org, or contact:

YOUR RIGHTS AND PROTECTIONS AGAINST SURPRISE MEDICAL BILLS

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

This notice informs you of your protections under the No Surprises Act, which was enacted as part of the Consolidated Appropriations Act, 2021.

WHAT IS “BALANCE BILLING” (SOMETIMES CALLED “SURPRISE BILLING”)?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

“**Out-of-network**” describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called “**balance billing**.” This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

YOU ARE PROTECTED FROM BALANCE BILLING FOR:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.

Claims for **unanticipated out-of-network care** arising out of a situation involving **emergency care** are eligible for the negotiation and arbitration process outlined in section 376.690. **Unanticipated out-of-network care** is health care services a patient receives at a facility that is in-network, from a health care professional who is out of network. This definition applies to all services performed from the time the patient presents with an emergency medical condition until the time the patient is discharged.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers can't balance bill you and may not ask you to give up your protections not to be balance billed.

If you get other services at these in-network facilities, out-of-network providers can't balance bill you, unless you give written consent and give up your protections.

YOU'RE NEVER REQUIRED TO GIVE UP YOUR PROTECTIONS FROM BALANCE BILLING. YOU ALSO AREN'T REQUIRED TO GET CARE OUT-OF-NETWORK. YOU CAN CHOOSE A PROVIDER OR FACILITY IN YOUR PLAN'S NETWORK.

Claims for **unanticipated out-of-network care** arising out of a situation involving **emergency care** are eligible for the negotiation and arbitration process outlined in section 376.690. **Unanticipated out-of-network care** is health care services a patient receives at a facility that is in-network, from a health care professional who is out of network. This definition applies to all services performed from the time the patient presents with an emergency medical condition until the time the patient is discharged.

WHEN BALANCE BILLING ISN'T ALLOWED, YOU ALSO HAVE THE FOLLOWING PROTECTIONS:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
 - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.
- **If you believe you've been wrongly billed**, you may contact the Missouri Department of Commerce & Insurance at the following address and telephone number: P.O. Box 690, Jefferson City, MO 65102-0690, 1-800-726-7390 or (573) 751-2640.

1. UM decision making is based only on appropriateness of care and service and existence of coverage.
2. The organization does not specifically reward practitioners or other individuals for issuing denials of coverage.

Such cost-sharing shall be subject to and applied toward any In-Network Deductible or Out-of-Pocket Maximum applicable to the enrollee's health benefit plan.
